and encourages the Israeli occupation forces to commit more crimes as long as you feel immune against prosecution.
and punishment,
and this is what happened to this day.

Additionally, countries like the United States granted the occupying entity privileges of using its reserve of ammunition, which allowed it to continue to commit crimes.

Accordingly, the signatories of the statement reaffirm that the crimes committed by the occupation forces rise to the level of intentional war crimes and some of them may amount to crimes against humanity, with organized targeting of civilians and their property, and deliberate bombing of houses and public and private property;

and they demand the international community to take urgent action to fulfill its legal obligations and moral responsibility towards...
